3rd Annual Anglers' Cup Big Snook Challenge & Redfish Classic

September 16, 17, & 18, 2010
Seafood Depot - Everglades City, FL

Join us for the 3rd annual Anglers' Cup Big Snook Challenge & Redfish Classic. This year's event is sure to be out of this world. This tournament is competition between some of the best anglers in the country and by far is one of the finest tournaments held in the state of Florida. It is anglers and sponsors such as you that will make this event the success we all want it to be. Due to the current State Laws we will not be able to weigh snook this year; therefore we will be introducing a Redfish Division. Each division this year will have its own individual purse. The Snook division will be calculated by the total inches of two snook each day and the combined inches of four snook determining the top five places. Each fish must be at least 28 inches in length. The Redfish division will be calculated by the combined weight of two legal redfish each day and the total combined weight of four legal redfish will determine the top five places. This should make it very exciting, as we all know the water is almost red during the month of September in the 10,000 Islands. It's also exciting that we will be able to see just who can catch the Biggest Snook since there will be no top end restrictions. **However, each team MUST bring their own digital camera with a memory stick to record their Snook measurements. Each team will be responsible for turning in their memory stick at weigh-in with their score card each day. We will return them to you at dinner each night.** Good luck and tight lines!
